Program Highlights

Keynote Speaker—Anthony Poponi

Using Humor in the Workplace: The last few years have been a whirlwind and it seemed like a new form of chaos fell from the sky on a weekly basis. As a result, we are stressed out and our teams need to move out of survival mode and get back to thriving together. So, what's the cure for stressed out teams? Humor! And while humor isn't a magic pill to solving all of our work challenges, we know happier workplaces outperform less happy workplaces. In this fast-paced, funny

and interactive session we'll explore how to weave humor into your workplace with some simple take-home tools and activities to get the laughter flowing again.

Industry Update - Bill Statham – Daimler Trucks North

An industry veteran with over 30 years' experience in the heavy-duty aftermarket, Bill has straddled the line between entrepreneurship and OEM perspective for most of his career. The first 20 years he focused on the wholesale drivetrain market including ownership by Navistar and Meritor. Bill then successfully pivoted after facilitating the acquisition of the Mascot Truck Parts business by Detroit Diesel Reman (division of DTNA) to an operations leader with a self-proclaimed belief in the use of emotional intelligence to motivate teams, develop partnerships, and achieve results. Bill is currently responsible for the

Drivetrain remanufacturing operations in Plainfield, IN, Electronics remanufacturing operations in Hibbing, MN, and a startup venture Trucks Lifecycle Parts commercializing DTNA Truck Manufacturing plant, PDC and Dealer excess, obsolete and scratch and dent components.

Venlo Wolfsohn Lifetime Achievement Award

Howard Gossage has contributed to the industry for over 5 decades with engine identification and parts locating. Howard was never shy about sharing information and helping people achieve more in their businesses.
